JOURNAL

OF THE

Elisha Mitchell Scientific Society

VOLUME 67
1951

This Society was founded in 1883 through the efforts of
Francis Preston Venable

Published for the Society
by the
University of North Carolina Press

CONTENTS OF VOLUME 67

The Fishes of North Carolina's Bay Lakes and Their Intraspecific Variation. *David G. Frey* 1

Studies on Phytin. *James C. Andrews and Enrique Herrate* 45

The Synthesis of Choline Chloride Containing Methyl-C^{14}. *Arthur Roe* 54

How Difficult Parturition in Certain Viviparous Sharks and Rays is Overcome. *E. W. Gudger* 56

The Seasonal Succession of Orthopteran Stridulation near Raleigh, North Carolina. *B. B. Fulton* 87

On the Projective-Metric Definition of Distance. *J. W. Lasley, Jr.* .. 96

Some Theorems on the Approximation of Irrational Numbers by the Convergents of Their Continued Fractions. *Nathaniel Macon* ... 99

A New Species of Sorodiscus on Pythium. *E. K. Goldie-Smith* 108

A Study of the Motile Cells of Vaucheria. *William J. Koch* 123

The Biota of the Reefs off the Carolinas. *A. S. Pearse and Louis G. Williams* 133

Proceedings of the Forty-eighth Annual Meeting of the North Carolina Academy of Science 163

Proceedings of the Elisha Mitchell Scientific Society 187

Darters of the Genus Hololepis from Some Natural Lakes of North Carolina. *Joseph R. Bailey and David G. Frey* 191

Encystment, Excystment, and the Nuclear Cycle in the Ciliate *Dileptus anser*. *Edward Eugene Jones, Jr.* 205

The Relation between Growth Substances, Cytochemical Properties of *Tetrahymena geleii*, and Lesion Induction in the Chorioallantois. *R. A. Fennell* 219

Some New Species of Bees from the Eastern United States. *Theodore B. Mitchell* 231

A New Subspecies of Salamander from Virginia. *Richard L. Hoffman* .. 249

A New Subspecies of Cyclopoid Copepod from Wooster, Ohio. *Harry C. Yeatman* 255

Faunal Abundance Cycles in a Small Crepuscular Cave. *J. D. Ives* .. 259

Indicator Constants in Solutions Containing Organic Solvents. *Edwin C. Markham, Clyde A. Glover, and Samuel B. Knight* 261

Studies in the Genus Chytridium, with Observations on a Sexually Reproducing Species. *William J. Koch* 267
